Term I April	Recap	Number Concepts Numbers 1-1000 Number Names Ascending & Descending Order Ordinal & Cardinal Numbers Odd & Even Numbers	Number Puzzles  Odd & even numbers-write your roll number, house number, vehicle number etc. and also mention odd or even besides them. Do addition & subtraction using number grid.	Count the given objects · Use of addition · Write a sum · Count the objects in group. · Demonstrate if a number is even or odd. · Describe order or relative position using ordinal numbers.
	Numbers (Maths Weaves)	Pg- 1 to 16		Represent numbers by making groups of 10.
	Chapter – 1 A Day at the Beach (Counting in Groups)	· Counting in groups · Identifying more or less Counting numbers in group of tens	Number Fun - There are 26 Alphabets, 5 vowels and 21 consonants. Read the sentences and find the number of vowels and consonants. English intergrated learning)	· Represent and describe numbers up to 100, concretely, pictorially and symbolically.
	Chapter -3 Fun with Numbers (Numbers 1 to 100)	· Addition and subtraction of figures in tens		· Represent numbers by counting swiftly.
				

<p>May</p>	<p>Chapter-6 Decoration for Festival (Addition & Subtraction)</p> <p>Addition (Maths Weaves)</p> <p>Subtraction (Maths Weaves)</p>	<p>More/Less</p> <ul style="list-style-type: none"> · Pictorial Addition · Vertical Addition · Subtraction · Pictorial Subtraction · Vertical Subtraction · Problem sums on addition and subtraction <p>Pg- 17 to 26</p> <p>Pg- 27 to 34</p>	<p>Find the difference between your age and age of five other friends. Choose the eldest and the youngest among yourself.</p> <p>.(Integrated with Environmental studies)</p>	<ul style="list-style-type: none"> · Demonstrate the concept of give and take in day-to-day life. · Understanding the concept where to add and where to subtract with its application
<p>July</p>	<p>Shapes (Maths Weaves)</p> <p>Fractions (Maths Weaves)</p> <p>Chapter - 4</p> <p>Shadow Story (2D Shapes)</p> 	<p>Pg-47 and 48</p> <p>Pg-49 and 50</p>	<p>To paste cut outs of one shape showing a whole, half, one – third and one – fourth. (Art integrated learning)</p>  <p>Project- Make a wall hanging using cutouts of different shapes with the help of your elders to decorate your classroom. (Art integrated learnin</p>	<p>Understand and learn the shaded and unshaded parts in the given figures</p> <p>Identifying and learning various plain shapes</p>

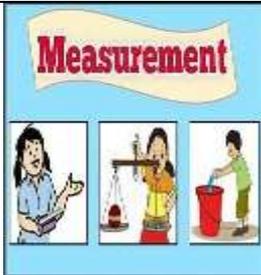

<p>August</p>	<p>Chapter - 2 Shapes Around Us (3D Shapes)</p>	<p>Tracing 3-D shapes Use different perspectives to draw objects Looking shapes</p>	<p>Identify solid shapes around them. Learn the terminology used to describe solid</p>
----------------------	--	--	---

<p>Patterns (Joyful Mathematics Pg No 40 - 43) Chapter- 5 Playing With Lines (Orientations of a Line)</p>		<p>from different angles</p> <ul style="list-style-type: none"> · Observing pattern in nature · Patterns using different shapes · Leaf pattern · Number pattern <p>Standing, sleeping, curved lines</p> <ul style="list-style-type: none"> · Alphabets and different drawings with the help of these lines. 	<p>Fun Time – Make interesting patterns using collected leaves or match sticks. <i>(Integrated with Environmental studies)</i></p> 	<p>shapes – Vertex, Edges, Faces</p> <p>Describe the characteristics of 3-D and 2-D shapes and analyze the relationships among them.</p> <p>Predict an element in a repeating pattern using a variety of strategies.</p> <ul style="list-style-type: none"> · Demonstrate an understanding of increasing patterns by describing, reproducing, extending and creating. <p>· Identify & tracing different objects with standing, sleeping curved lines.</p>
---	---	--	--	--

<p>September</p>	<p>(Maths Weaves) Time Chapter-9 Which Season is it? (Measurement Of Time)</p>	<p>Pg –51 to 54 Days of a week Months in a Calendar year Seasons in a year</p>	<p>Making of calendar with waste materials. Make your own time table of the coming Sunday.</p>	<ul style="list-style-type: none"> · Read the time · Plot the time <p>Learn days in a week and months in a year. Will learn to read the calendar and do the exercises based on it.</p>
-------------------------	---	---	---	---

<p>Term II October</p>	<p>Concept Revision Multiplication Multiplication Tables  (Maths weaves) Multiplication</p>	<ul style="list-style-type: none"> · 2 – 10 · Repeated Addition · Horizontal Multiplication · Vertical Multiplication · Carry over sums <p>Multiplication with 0, 1, 10, 100</p> <p>Pg 35 to 41</p>	<p>Students to sit in a circle and then say a number of their choice. If the number is in the table of any number then the children will shout 'POP'. (Integrated with Games)</p> <p>Oral dodging of tables</p> <p>Maths Quiz</p>	<p>Multiplication is repeated addition</p> <p>Multiplication terms- Multiplicand, Multiplier & product</p> <ul style="list-style-type: none"> · Makes calculations easier · Promotes a better understanding of number and number relationships
-----------------------------------	---	--	---	--

<p>November & December</p>	<p>Chapter - 8 Grouping & Sharing</p> <p>(Multiplication & Division)</p> <p>(Maths weaves)</p> <p>Division</p>	<ul style="list-style-type: none"> · Repeated Subtraction · Dodging Tables <p>Terminology of Division- Dividend, Divisor, Quotient & Remainder</p> <p>Horizontal Division</p> <p>Short Division sums</p> <p>Long division sum</p> <p>Pg 42 to 46</p>	<p>Take a handful of stars and put them equally in the 2 clouds.</p>	<ul style="list-style-type: none"> · To do repeated subtraction · To learn to do equal distribution
<p>January</p>	<p>Chapter- 7 Rani's Gift (Measurement)</p>	<p>Pictorial representation to show various technique of comparison</p> <ul style="list-style-type: none"> · Heavier or Lighter (comparison) · Determining the weight of an object <p>· Capacity</p>	<p>Make a Measuring Cup.</p> <p>Find the length of your eraser, pencil, notebook and books. Record your measurements .</p>	<ul style="list-style-type: none"> · Read pictographs. · Compare and order objects by mass. · Use of a weight balance to measure weight of various objects

<p>Measurement (Maths weaves)</p> <p>Money (Maths weaves)</p> <p>Chapter - 10 Fun At Fair (Money)</p>  	<ul style="list-style-type: none"> · Comparison of capacity · Thirsty Crow (Story) · Measurement (nonstandard units) like- hand span, footstep, fingers. · Standard units – g, kg <p>Pg- 57 and 58</p> <p>Pg-55 and 56</p> <ul style="list-style-type: none"> · Indian currency Symbol of rupee · Identification of various notes and coins. · Place value of money. (rupees & paise) 	<p>Measure the weight of your family members and write them in descending order. .(Integrated with Environmental studies)</p> <p>Shopping concept :</p> <p>Make a list of the things that you buy and the total money you spend whenever you go to the market or shop with parents. .(Integrated with Environmental studies)</p> <p>. Beyond Book – To find out names of currencies used in five different countries. .(Integrated with Environmental studies)</p>	<ul style="list-style-type: none"> · Compare and measure capacity <p>Have an approximate idea of measurement without using instruments.</p> <ul style="list-style-type: none"> · Learn the values and names of notes and coins · Counting of money · Learn the conversion of money · Count and make combinations of coins and notes. · Represent money in rupees and paise
--	--	---	--

February & March Data Handling (Maths weaves) Chapter-11 	Pg- 59 and 60 · Represent & read information given through pictures & symbols. · Addition and Subtraction by making groups of ten.	Activity sheet will be given.	· Collection, recording and interpretation of data. · Learn addition and Subtraction by making groups.
---	--	-------------------------------	---

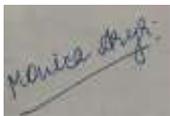

Project-

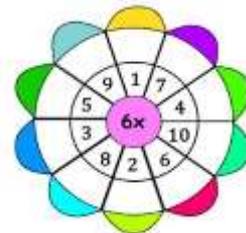

Term I

- **Odd & Even numbers – Paste 2 headlines from the newspaper**
 - 1. Count vowels and consonants in each headline**
 - 2. Classify the counted vowel and consonants as an odd and even number.**

Term- II

- **Make a multiplication wheel. Reference Image given-**

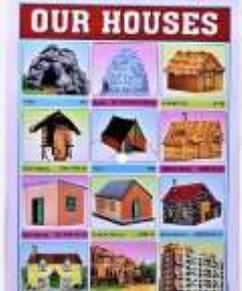

Ms. Monica Arya & Himanshi Arora

(MATHS COORDINATOR)

S. No.	Month	Name of the Lesson	Key Concepts	Learning Outcomes	Suggested Activities
1	April	<p>UNIT-I: ME AND MY BODY</p> <p>L-1 Body And Health</p> <p>L-2 Inside My Body</p> 	<ul style="list-style-type: none"> · Different body parts and Sense Organs. · Uses of different body parts.  <p>Internal organs and external Organs</p> <p>Functions of different organs.</p> <p>Importance of body parts.</p>	<p>Identifies the body parts and describes their functions</p> <p>Learn about the five Sense organs and how are they useful in providing information.</p> <p>Learning about Internal and External body parts.</p> <p>How to keep our body healthy.</p> <p>Identify the functions of each body system.</p>	<p>Interactive game related to body parts.</p> <p>Demonstrate the correct posture - how we should sit, stand and walk. Children can be encouraged to show the correct postures as the teacher calls out.</p> <p>Draw an outline of a human body (sample will be shared); in it draw, label and colour the 4 internal organs. (Art Integrated Learning).</p>
2	July	<p>UNIT-II:</p> <p>MY SURROUNDINGS</p> <p>L3 – Family and Friends</p>	<p>What is a family</p> <p>Types of family</p> <p>Family Time</p> <p>My family and my friends.</p>	<p>Recognizes the family members.</p> <p>Classifies the family according to the number of members.</p> <p>Imbibes values like love, sharing and caring respect for family members.</p> <p>Describes relationship among family members and tells relationship they share with each other.</p> <p>Creates drawing related to the topic.</p>	<p>Role play--Children speak about how the family members help each other at home and how they care for each other, time they spend together playing games. (English Integrated Learning)</p> <p>Draw a family tree paste pictures of their family members and write the relationship you share with them. Art Integrated Learning .</p> <p>Making greeting cards for any one family member.Art Integrated Learning</p>

--	--	--	--	--	--

		<p>L4 – House we live in UNIT IV – My Neighbourhood</p> <p>L7 – Places of worship</p>	 <p>Types of Houses and different houses in different places.</p>  <p>Holy books of different religions</p> <p>Importance of worship</p>	<p>To enable them to understand type of houses i.e., Kutcha houses and Pucca houses</p> <p>Enable them to identify the different places of worship and various rooms in the house, like kitchen, bathroom, living room, etc.</p> <p>Identifies and name holy books and symbols of different religions.</p> <p>Enable children to learn about why we need houses. (from heat, cold, respect & animals)</p> <p>A house also provide a space for family to live together.</p>	<p>Drawing match stick figures of their family and different types of family Art Integrated Learning.</p> <p>Draw and color or paste the picture of any 1 types of Kutcha House and Pucca House each. Art Integrated Learning</p> <p>Draw the symbols of different religions Children can do an activity where they will write K for things used for building Kutcha house and P for things used for building Pucca house. Name the places of worship of different religions.</p> <p>Mud : K Learn and sing different prayers in the class. Music Integrated learning Wood Cement : P Bricks Straw Glass Steel Bamboo</p> <p>Write the names of holy books of different religions.</p>

			<p>Different occupations and their workplaces.</p> <p>Tools used by people in different occupations</p>	<p>Identifies the tools used by the community helpers.</p> <p>Summarizes the different types of helpers and explains how these jobs benefit the community.</p>	<p>broken. Who will you call for help? Cut outs of helpers can be used for identification. English integrated learning</p> <p>Children can speak about themselves: I am a student. (Integrated with English). I want to be a _____.</p> <p>Dumb charade game to guess the work done by the community helper. Riddles - for example: I take care of people's health by giving them medicines. I work in a hospital. Who am I? Draw tools used by different community helpers. (Art integrated learning)</p>
--	--	--	---	--	--

		<p>L10 – Neighbourhood services</p>	<p>Useful neighbourhood services</p> <p>Transport, Housing, culture, regulatory and planning services.</p>	<p>Learn about different neighbourhood services.</p> <p>Students will learn about different places in neighbourhood.</p> <p>Students will learn about importance of neighbourhood.</p> <p>Student’s vocabulary will enhance.</p> <p>Students will enjoy crafts related different places of neighbourhood.</p>	<p>Dress up as your favourite helper and speak 5 lines about the same.</p> <p>Teacher can explain using a chart or model</p> <ol style="list-style-type: none"> 1. Grocery shop – we can buy food items and articles of daily use from here. 2. Medical shop – We can buy medicines from here. 3. Stationary shop – it sells pencils, pens, eraser, etc. 4. Milk booth – we can buy mil, ice cream and other dairy products from here.

5	<p>Term II</p> <p>October</p>	<p>UNIT- V</p> <p>MY NATION</p> <p>L11- Map of India</p>  <p>UNIT-VI</p> <p>MY PLANET</p> <p>L-12 Plants and Animals Around Us</p>	<p>Indian states and Union territories</p> <p>Different types of plants, animals, and their homes</p> <p>Types of plants (trees, shrub, herbs, climbers, creepers) Importance and uses of plants</p> <p>Identification of animals. Pet animals, Domestic animals and wild animals</p> <p>Animals and their young ones</p>	<p>Learn about States and Union Territories of India</p> <p>Purpose and uses of Map</p> <p>Students will learn about various state capitals.</p> <p>Recognize India's neighbouring regions.</p> <p>Know about different types of plants and animals, how plants and animals are useful to us.</p> <p>Identifies uses of plants and plant products in daily life.</p> <p>Identifies and classifies the animals into pet, domestic and wild animals.</p>	<p>Show Indian states on map.</p> <p>Draw a root, stem, leaves, fruit and seed that we eat. Art integrated learning</p> <p>Children who have pets at home can share their experiences with their pets and how they take care of them. English integrated learning</p> <p>Make finger puppets/masks of animals. (Puppet integrated learning)</p>
---	--------------------------------------	---	---	--	---

6	November	L-13: Weather and Seasons	<ul style="list-style-type: none"> · Difference between weather and season <p>5 types of seasons – Summer, Winter, Autumn, Rainy and Spring</p>	<p>Students will be able to name and identify the different types of weathers.</p> <p>Students will be able to explain why there are different types weather in different regions of the world.</p>	<p>Teaching vocabularies weather and seasons.</p> <p>Talk about weather outside. Motion for students to come over to the window or even outside. Say a few times “How is the weather? Look outside.” Then ask student in turn how is the weather and encourage them to reply.</p>
		L-14: Earth and It's Neighbours	Natural things and Man - made things	Learn about celestial bodies.	Make a poster on “Save Our Mother

			<p>· Neighbours of the earth – Sun, stars and moon.</p>	<p>Identify the different layers of the earth.</p> <p>Students will learn about that Earth is the only planet in the solar system that can support life.</p> <p>Children will understand about the, relative movement, shapes and sizes of the Earth, Sun and moon.</p>	<p>Earth". Art integrated learning</p> 
				<p>Students will be learn and understand the various means of communication in our daily lives like, Newspaper, Telephone, Mobile, Television, Internet, etc.</p>	<p>the modern means of communication outlined figure. Art integrated learning</p> <p>Teacher can show pictures of various means of communication.</p> 

8	January	L17: Transport and Safety	<p>· Land Transport, Water Transport and Air Transport</p>  <p>Uses of means of transport</p> <p>Number of wheels in a vehicle</p> <p>Fuels used in vehicles.</p> <p>Emergency services- Ambulance, Police, Fire brigade.</p>	<p>Identifies the three modes of transport (land, water and air)</p> <p>Categorizes the different types of transportation into the correct mode.(whether it flies in the air, moves on road or moves on water</p> <p>Explains the use of means of transport and communication</p> <p>Observes and identifies the two three, four wheeler vehicles.</p> <p>Recognizes the vehicles which require fuel and those that don't require fuel.</p> <p>Distinguishes between the vehicles we use and the vehicles used for emergency services.</p>	<p>Sing rhyme “Wheels of a bus...”. We can also add “Planes in the sky” or “Ships on the sea” to understand that people can get from one place to another through land, air or above water. (Art integrated learning)</p> <p>Children can exhibit the toy vehicles they have. Others can speak on what is needed for that means of transport. Each child takes turn to show his/her toy.</p> <p>List the vehicles under three categories – Land Transport, Air transport and Water transport.</p> <p>Paste/draw the pictures of means of transport- Land, air and water transport. (Art integrated learning) (Integrated with Maths) Identifies and</p>
---	---------	---------------------------	--	--	---

					names the slowest and the fastest means of transport. Draw the symbols found on vehicles used for emergency services. (Art integrated learning) Discuss about the means used for various purposes. Try out the Yoga exercises with the help of your parents, to display means of transport. -- Integrated with Games.
9	February – March	L18: Recreation time -Games we play	· Indoor Games And Outdoor Games 	Know about different games types of Games Games improve kid's learning experience and interest in studies which help them to score better grades. Games played can address numerous areas of growth and development including cooperation, problem solving, creativity and communication.	Paste a picture of your favourite sport on an A4 sheet. Write 2 rules to be followed while playing that game.

Project-

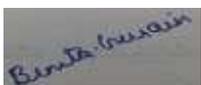

Term I

- ❖ Make a plate of 5 sense organs using paper plate. You can refer to the images shared for the reference .

Term- II

Make a collage on safety rules that we must follow on road with pictures on A-4 size pastel sheet.

Ms. Binita Gusain & Ms. Shilpi Pahuja (EVS COORDINATORS)

**SUBJECT: General Knowledge TERM WISE SYLLABUS: Class 2 (2024-25) BOOK
 PRESCRIBED: WOW ! World Within Worlds**

S. No.	Month	Name of the Lesson	Key Concepts	Learning Outcomes	Suggested Activities
1	April - May	1. Air and Water 2. Life under water 	Properties of Air and Water Poem on Wind Saving Air and Water How water reaches the tap Water Sports SDG 14: Life below water facts Sea creatures	Know about the properties of Air and water, what pollutes them, various water sports and how water reaches our taps. Identify different sea creatures and learn amazing facts related to life under water	Recite the poem on Wind Music Integrated learning Animations and videos to be shown on different creatures under water. Paste or draw the pictures of any 5 Sea Creatures. Art Integrated learning
2	July	3. Amazing Animals CURRENT AFFAIRS	Riddles on Animals Animals and their young ones Animals in movies Herbivores and Carnivores Quarterly current affairs	Learn the difference between Herbivores and Carnivores, young ones of different animals. Enjoy and answer the riddles Update on latest happenings around the world	Animations and videos to be shown on variety of animals. Children can list out and classify animals on the basis of their food habits i.e. Plant eating, Flesh eating and eating both. Discussion on latest affairs
3.	August	4. Tracking Time 5. Earth, Dear Earth	Activities and time Time related compound words Facts about Earth Save Earth Landforms and Water bodies	Relate different activities done at specific time zone Identify various landforms, water bodies and	Riddles on Time Brainstorming Integrated with Maths Make a poster on 'SAVE EARTH'

				interesting facts about Earth	Art Integrated learning
4	September	<p>6. Around the World</p>  <p>7. My India</p>	<p>Facts about famous monuments Countries and their landmarks Languages Currency</p> <p>Indian culture Quiz corner Indian Monuments Famous Indians Dances of India</p>	<p>Recapitulation of the concepts learnt in Term – 1</p> <p>Identify the World's Famous Tourist Places, Various languages and currency</p> <p>Know about our Great Indian Personalities, Indian culture, monuments and dances.</p>	<p>Animations and videos to be shown on world famous monuments. Make a list of 10 countries along with its currency and the language spoken. AAC Activity</p> <p>Paste or draw the pictures of any 4 national symbols. Art Integrated learning</p> 

5	October & November	<p>8. Weather and Seasons</p> <p>9. Science Trek</p>  <p>10. Our Vision</p>	<p>Types of Weather and seasons Things to use in different seasons</p> <p>Interesting science facts Solar system</p> <p>SDG 15 – Taking care of the land</p>	<p>Distinguish between weather and season</p>  <p>Learn about the amazing facts of science and planets of our solar system</p> <p>Learn about the ways to go green than creating pollution so that we</p>	<p>Draw or paste pictures of 2 items used in different seasons.</p> <p>Integrated with Environmental Studies</p> <p>Make a DIY solar system box with play dough planets.</p> <p>Toy Integrated learning</p> <p>Discussion and videos to be shown on the threats to environment</p>
		CURRENT AFFAIRS	Quarterly current affairs	<p>can save our environment</p> <p>Update on latest happenings around the world</p>	<p>caused by human activities.</p> <p>Discussion on latest affairs</p>
6	December	<p>11. All About Food</p> <p>12. Sports Quiz</p> 	<p>Indian dishes Famous tales and food Kitchen equipment Occupations</p> <p>Different sports Sports equipment Good behaviour</p>	<p>Recognise famous Indian dishes, kitchen equipment and occupations</p> <p>Learn and Identify different types of sports and material required to play them</p>	<p>Animations and videos to be shown on famous Indian dishes</p> <p>Paste pictures of 4 indoor and 4 outdoor games.</p> <p>AAC Activity</p>

7	January & February	13. Land of Stories	Quiz on famous tales and board game	Recall characters of famous tales	Discussion on famous tales Integrated with English/Game
		WORKSHEET ON REPUBLIC DAY		Learn about how and why Republic Day of our country is celebrated.	Children will share their knowledge on Republic Day celebration. Integrated with English
		14. Mixed Bag	Odd one out Riddles Comparison	Interconnect and understand concepts of odd one out and comparison	Encourage students to reply
8	March	CURRENT AFFAIRS	Quarterly current affairs	Update on latest happenings around the world	Discussion on latest affairs
		Test Paper 1-4		Recapitulation of the concepts learnt in Term – 2.	Revision through Test papers 1-4 Brainstorming
